Why?

To grow as people and to grow in our careers, we need to be lifelong learners.

That's why IAWP is committed to helping its members achieve their education and training goals.

What people are saying.....

- IAWP offers education, recognition and an opportunity for leadership to fill leadership positions in ODJFS and the state chapter.
- It is a chance to hear from top management on what is happening in our agency and to ask questions.

What people are saying...

"The International Association of Workforce Professionals (IAWP) can put you in touch with your colleagues from around the state and help you meet folks in labor exchange and workforce development working in our sister agencies in other states and countries."

John Trott, Deputy Director, Local Operations
